

'Cause I'm free

London streets are crying in the morning.

Thousand umbrellas

Rain in my heart

Always late and running through the city.

All these grey faces

Say Hurry up!

Let's go...

Dear Anne,

What are you doing with your life?

Always dreaming, love is your escape room

Music and bedrooms

Who is with you now?

Never-ending troubles in your pathway

Who understands you?

Not even yourself

Let's go...

Dear Anne,

What are you doing with your life?

Chorus

I'm sorry but I'm free

Don't tell me what to be

Every day I write unfinished symphonies

I'm sorry but I'm free

I cannot be someone else

My heart always plays by ear, don't you see?

Cause I'm free

My cello is my longest lasting partner

Always together

Oh, heavy love!

I know you feel the same we both are longing

for new beginnings

A brand new start

Let's go...

Dear Anne,

What are you doing with your life?

Chorus

Cause I'm free

Cause I'm free

Cause I'm free

Let's go...

Dear Anne,

Don't let your life now halfway

Chorus

Cause I'm free
