READING

14. Read the following texts about different ways to spend your leisure time.

Leisure time 1

Everybody sometimes has a free time. Somebody prefers only to sleep in their leisure time, but the largest part of us prefers to do a great amount of things which are pleasant and interesting for us. It may

be reading, a various types of sport game, watching TV, listening music and others. If we have a few days or a week we prefer to go to the attractive places. Many people think that pupils and students have too much leisure time but in my opinion they are wrong. We are very busy. Many pupils have six or seven lessons a day and go to school five or six days a week. Even during the holiday we learn our lessons. And we just have no time to go somewhere. The oldest of us are working after school or institutes.

The large part of my free time is devoted to reading. I like to read books about other countries, other times and other worlds. Also I read books about history of our country. Besides reading I like to do physical exercises. My school friends and I often gather together after school and play basketball, football or other active games. But my favourite hobby is travelling. Usually I travel in summer and after it is a trip to the south, to the warm sea. I think all people must have other occupation besides their basic work, because it extends the boundaries of the familiar world and teaches us something new about people and things.

14a.- Answer the questions about this text.

Who is writing? *a student* *a teacher* *parents*

What do they do when they have a week of holiday?

What does this person do in the free time?

What sports does he/she practice?

What's his/her favourite hobby?

Where does she/he go?

Reading 2

Mary has a lot of hobbies and interests. She usually gets up early so she can run before work. She doesn't often have time to ski, but she occasionally goes on Saturdays during the winter. Mary often rides a horse at a stable near her home. She sometimes goes after work, but she usually goes horseback riding on Sundays. She loves music. She always goes to choir practice on Wednesday evenings and sings in church on Sundays. She doesn't have much extra money, so she rarely goes to concerts in the city. She seldom watches TV because she likes doing things outside. She usually goes to the gym if it's raining outside. She isn't often alone because she has a lot of friends. She occasionally does something alone, but she usually does her activities with one of her friends. She's a happy woman!

14b. Now, answer the questions about reading 2

a) Look at the text and underline all the adverbs or time expressions that you can find in it. Then, write them down and translate them

- c) Does she watch TV often? Why?
- d) When does she go to the gym?
- e) Which of these hobbies is not mentioned in the text: *sports, music, books, study, languages, cooking, gardening, watching TV, chatting with friends, sleeping, travelling?*

Reading 3

Tim works for a company in Sacramento, California. He's a customer service representative. He gets up at six o'clock each workday. He drives to work and begins his job at eight o'clock. He speaks to people on the telephone to help them with their banking problems. People telephone the bank to ask questions about their accounts. He doesn't give information about accounts until people answer a few questions. Tim asks callers their birth date, the last four digits of their social security number and their address. If a person gives incorrect information, Tim asks him to call back with the correct information. Tim is polite and friendly with everyone. He has lunch in a park next to his office. He returns home at five o'clock in the evening. After work, he goes to the gym to work out. He has dinner at seven o'clock. Tim likes watching TV after dinner. He goes to bed at eleven o'clock at night.
