Dear family,

I am writing this letter to you because I want to explain you what did I do during this level and what I will do next year.

In 1st ESO I did a lot of speaking activities: asking to my classmates, describing my friends, an interview, a description of my grandfather, a presentation about a festivity etc.

I also wrote a lot of texts: interviews, descriptions, opinions about my city, descriptions of my partners and friends, etc.. but I liked very much to write the diary for 3rd ESO students because they corrected it and then, they wrote me a comment. It was very funny!

I hope next year I will learn a lot of things: new vocabulary, new topics and new speakings and writings. I hope next year, my teacher will be better because lolanda was very strict and she got angry very often! argghhh

I will promise you I will study very much and I will learn a lot more!

Lots of kisses,
lolanda

with love,

iol
